In re Killian and Lesser, Case No. 07-33641-el7, Adv. No. 07-3315

November 17, 2008

11 USC §727(a)(4)(A), denial of discharge, false oaths

Court denied discharge to debtors following trial on US Trustee's complaint. Debtors failed to disclose numerous assets and transactions on their original schedules and amended schedules, and testified falsely at the meeting of creditors. At trial they blamed all omissions and misstatements on their lawyers. The court did not believe them.

There are two ways to find opinions on the redesigned website. For recent opinions listed by name and date, most recent to oldest, see the last line of text on the home page, "Check the [Opinions](#) for current decisions and rulings." If you click on this [Opinions](#), a list of recent opinions will be displayed.

There is another place on the home page to click [Opinions](#): the last item in the column headed **Information for Attorneys**. Clicking here takes you to a place where you can search, by keyword, opinions from the past several years. Warning: this part of the site is still being developed – the search system at this point is primitive.
